

POST GRADUATE PROGRAM IN TEMPLE MANAGEMENT (PGPTM)

*Harmony in Tradition,
Excellence in Management....*

➤ WHY THIS PROGRAM?

Temples are an abode of God & Goddess, a place of worship, space of divinity & worship. Temples are places where people congregate on all occasions, be it a birth or demise in the family, be it on an occasion to celebrate or to seek redemption from the sorrows that life throws at us. People have tremendous faith in the fundamental principle on which a temple is built upon – the power of human compassion. Everyone is welcome, irrespective of caste and creed. With this aura of Shraddha and their widespread reach, temples wield unimaginable influence on the minds of humanity.

It is estimated that Bharat has approximately 30 lakh temples across the country & to manage them, we need a large team of trained professionals to magnify the influence that temples have on the economy and culture of our beloved country.
